Testimonials

“

We are so grateful to ה' יתברך for granting us such a special שבת with our families! Your accommodations at שבטנו were excellent and clean and greatly enhanced our get-together. The shul and עזרת נשים were beautifully set up, and the ספרדי ספר תורה was a bonus for us. The dining room layout was perfect for our families, including tables, chairs, and close access to the kitchen. The gym was a hit for the children, although their main attraction was the sleds with the plenty snow that ה' catered for us.

Each one of us, adults and children, feels much thanks and appreciation to you for caring about so many details and providing us with a very comfortable stay.

“

I cannot describe how excited and delighted everybody – especially the children – is as the cars pull up to 638 Squirrel Hill Rd. Unlike most places that show a little more wear and tear from year to year, Shivteinu only gets better and better.

A couple of hours after arrival, a 5-year-old guest, perched in a seat up in the dining room, and announced in a loud voice: “I LIKE this house!”–to which everybody nodded in agreement. As great as last year’s stay was, the upgrades you introduced this year made our stay even more enjoyable!
